CHEATS taken from [dlh.net]
 The famous 'jassica16' code: Type it in anytime during the game to enable 'cheat mode'. press F10 to get all the good weapons, ammo, & items. Be sure to drop whatever weapons you have before hitting F10 to insure getting the good stuff. Press 'CTRL F10' to become invincible.

Start parameter:

- debug Runs debug mode other than that ???
- setver not sure not tested
- vesatest sounds pretty obvious not tested
- asylum start up says "Running Enhanced Mode (NOT!)"
- skill sets default skill to (1-4) -skill x
- warp warps you to a mission (1-?) -warp x
- mapoff start up comes up with an error and locks
- egg see mapoff
- demo this is documented runs intro over and over
